#Professional Experience

Python Developer in Training | Building Skills and Making Strides in the Technology Industry

February 2023 – April 2023: Remote (**Girl Code ZA**)

- Seeking opportunities to enhance my skills and contribute to the growth of innovative projects.
- Currently participating in the Python Development Bootcamp with Girl Code ZA to gain hands-on experience in Python programming.
- Focused on building my foundation in Python, learning industry best practices, and developing real-world projects.
- Excited to apply my newfound knowledge and contribute to the technology industry.

Dariel Intern

June 2022 – July 2022: Bramley, Johannesburg (**Dariel**)

- Maintained and enhanced the company's website developed in WordPress.
 - Identified bugs and fixed errors.
-

#Education

University of Johannesburg / BSc in Information Technology (Computer Science & Informatics)

February 2019 – November 2022: Auckland Park, Johannesburg

#Side Projects

Naashta – Landing page advertising different samosas; from flavours, sizes, and prices.

MaidaanSpices – A search engine program containing a list of different spices used to season food.

#Interests

Reading, Music, Traveling, Mentoring, Building Things
